## Uses

### PHARMA USE

Climacteric symptoms  
Menopause symptoms

### DIETARY USE

Non-hormonal menopause therapies  
Antioxidant and free-radical scavenger

## More to know

Seeds with certified genetic purity ensure a high degree of standardisation throughout the production chain, from seed to finished product.

The proprietary extraction method allows to obtain a batch-to-batch fixed ratio of the four main isoflavones.

Linnea has published the new USP monography: Red Clover Aerial Parts Isoflavone Aglyconed Dry Extract.

DMF USP

DMF, in compliance with international standard
